

SUMMARY

My name is Ahmadyar, and I am a .NET Core Developer with over 3 years of experience in building and maintaining scalable web applications using ASP.NET Core and RESTful APIs. I am an expert in utilizing .NET Core to build scalable and maintainable microservices architectures and adept at using Entity Framework Core for efficient data access and management in .NET Core applications.

EDUCATION

FSC (Faculty of Science)

Degree College No. 2, D I Khan, Pakistan]
Year of Completion: 2020

BSCS

[Qurtuba University of Science and Information
Technology, D.I. Khan, Pakistan
C GPA=3.7
Year of Graduation: 2020 - 2024

SKILLS

- **Programming Languages:** C++ and C#
- **Web Development:** ASP.NET MVC, jQuery, AJAX, Web API, .NET Core, Microservices, Entity Repositories
- **Desktop Application Development:** Experience in developing applications for desktop environments
- **Database Management:** Entity Framework, MS SQL Server
- **Front-End Technologies:** HTML, CSS
- **Version Control:** GitHub
- **Other Skills:** Content creation, thumbnail making, problem-solving

PROFESSIONAL EXPERIENCE

Desktop Application Development

- Professional Experience: 4 months
- Projects:
 - Developed various desktop applications, showcasing a range of functionalities and user interfaces.

ASP.NET MVC Development

- Professional Experience: 3 year
- Projects:
 - Library Management System: Designed and implemented a system to manage library resources, including book cataloging and user management.
 - Automatic CV Builder: Developed an application to automate the creation of professional CVs based on user input.
 - Online Shopping Management: Created a robust e-commerce platform to handle product listings, user accounts, and order processing.
 - Learning Management System: Built a comprehensive system for managing educational courses, student enrollments, and progress tracking.

ASP.NET Core Development

- Currently developing a software project in ASP.NET Core, leveraging modern web development practices and frameworks.
